LIFE

For Conscious Living

Once your life is a
conscious process,
being blissful
is natural,
moving towards
liberation is inevitable.

Sadhguru

When you
consciously choose
to be ordinary,
you become
extraordinary.

Sadhguru

Handling your
life consciously
will determine the
nature, context, and
quality of your life.

Sadhguru

Today, it is more
important than ever
to raise human
consciousness,
so that technology
becomes a means of
empowerment,
not destruction.

Sadhguru

*Every other creature
on the planet is
eco-friendly.
Only we human beings
need to learn to
live consciously.*

Sadhguru

If you are in a state
of reaction, anyone
and anything
can take charge
of your life.

Conscious response
is the way forward.

Sadhguru

If you are conscious,
you do not need
morality, values, and
ethics.

If Consciousness
eludes you –
just be in Love.

Sadhguru

*Rat race is for rats.
As a human being,
you can consciously
create what you
want, without being
driven by social
compulsions.*

Sadhguru

If you shift from
compulsiveness to
consciousness,
being joyful will
not be an effort.

Sadhguru

Being human
means having
the possibility to
consciously
shape yourself.

Sadhguru

We have the
technology,
resources, and
capability right now
to address every
issue on the planet.

The only thing
missing is inclusive
consciousness.

Sadhguru

What is most
needed right now
is to evolve human
consciousness.

Without that,
science, technology,
development,
everything will
go waste.
